The First Steamboat.

Symington, Sir William Montrose, Robert Burns (then a tenant of Mr. Miller's), William Taylor, and Alexander Nasmyth. There were also three of Mr. Miller's servants, who acted as assistants. On the edge of the boat was a young gentleman, then on a visit to Dalowater.

THE FIRST STEAMBOAT. BY ALEXANDER NASMYTH.*

was no less a person than Henry Brougham, afterward Lord Chancellor of England. The assemblage of so many remarkable men was well worthy of the occasion.

* The original drawing of the steamer was done by my father, but by me to Mr. Woodcroft, who inserted it in his *Origin and Progress of Steam Navigation*. He omitted my father's name, and inserted that of the lithographer, although it is a document of almost equal importance in the history of steam navigation.

CHAP. II.] 3

Taking into account from this well be considered circumstances with it. It ought all that was at Bell followed to be a noble achievement.

I may also mention that of this first of tinued iron-boat, if not the may also add which propels preserved in th they may be a

To return to He had given as his chief design twin ships, as when, that it though every sense of the made my fat to visit Italy graceful motions. It was and as such.

In those completed in the great

* The original steamer on the model about then, he was
